Overview: Current country program established in **2001**. Currently active in three northern states (Kano, Kaduna, and Bauchi), two Niger Delta states (Delta and Rivers), and Lagos. Focus is on small-scale agriculture and services. USADF currently manages a portfolio of **21 projects**, plus a cooperative agreement. Total commitment is approximately **\$3 million**.

Grantee	Duration	Value	Summary
Arewa Multipurpose Cooperative Society 1874-NIA	2008-2013	\$201,527	Agro-processing (Cassava): Arewa is a cooperative society of 48 farmers located in Kaduna State. This grant helps AMCS to improve the quality and quantity of cassava it produces by establishing a modern cassava processing line. With USADF's support, the Cooperative processes cassava into high-demand products such as <i>garri</i> and animal feed.
Mando Almumamud Oil Mill Multipurpose Cooperative Society 1914-NIA	2009-2014	\$188,553	Agro-processing (Groundnuts): Mando Almumamud is a cooperative of groundnut farmers located in Kaduna State. This grant supports the expansion of MAOMMCS's operations, providing machinery and equipment that increase the total production capacity of the cooperative's groundnut processing facility.
Da All Green Seeds Limited 1983-NIA	2009-2014	\$245,947	Agro-processing (Sorghum): Da All Green Seeds is a limited liability company that produces quality sorghum seeds. This grant helps increase the quality of the sorghum seeds that DAGS supplies to over 2,500 farmers in Kaduna State by improving the seed production techniques of the cooperative..
Kubacha Ginger Farmers Cooperative Society Limited 2257-NIA	2010-2015	\$204,896	Agriculture (Ginger): This enterprise expansion grant helps KGFCs increase the amount of ginger it produces and processes so that the cooperative can take full advantage of Nigeria's ginger market in Kaduna State.
Sabon Sarki Boda Market Ginger Farmers' Cooperative Society 2371-NIA	2011-2016	\$208,040	Agriculture (Ginger): This enterprise expansion grant helps SSGFCS increase the amount of ginger produced by its members, and expand the Society's marketing capacity to increase sales. SSGFCS is a cooperative society located in Kaduna State.
Zaria Leather Workers' Cooperative Society 2395-NIA	2011-2016	\$144,688	Manufacturing (Leatherworks): ZLWCS is a cooperative of 93 members located in Kaduna State. This grant helps ZLWCS increase its leather worker members' output, open new retail outlets, and hire sales experts to increase revenue.
Kwanar Bauda Multipurpose Cooperative Society 2399-NIA	2011-2016	\$178,916	Agriculture (Sorghum): KBMCS is a cooperative of 50 farmers located in Kaduna State. This grant helps KBMCS improve its 50 members farming equipment and methods, increasing output, and establish business connections with suppliers in the region.

Grantee	Duration	Value	Summary
Vibrant Beckwarra Youth Multipurpose Cooperative Society 2292-NIA	2010-2012	\$94,389	Agriculture (Cassava): This grant helps VBYMCS train its members in cassava production, establish a factory in the Niger Delta region, and process the members' cassava into garri for sale locally and regionally.
Oru Ugbo Wu-Eze Farmers Multipurpose Cooperative Society 2293-NIA	2010-2012	\$94,389	Agriculture (Cassava): OUWEFMCS is a cooperative of cassava farmers located in the Niger Delta region. This grant helps OUWEFMCS train its members in cassava production, establish a factory, and process the members' cassava into <i>garri</i> for sale locally and regionally.
Ugwu Atabuchi Development Association 2309-NIA	2011-2013	\$97,854	Agriculture (Groundnut): UADA is a cooperative of groundnut producers located in the Niger Delta region. This grant helps UADA establish a groundnut oil factory, train its members in groundnut production, and purchase their produce for processing in the factory.
Farmers Feed (Akaibiri) Cooperative Society 2347-NIA	2011-2013	\$91,876	Fishing: This grant helps FFACS construct concrete-fish ponds and train its 70 members in catfish farming techniques in the Niger Delta region, combating the effects of oil exploration on the local fish supply.
Creative Hands Multipurpose Cooperative Society 2382-NIA	2011-2013	\$99,035	Services (Braille, Bags, and Soap): This grant helps CHMCS establish a workshop and showroom and train its members, who are visually impaired, in product design and development. CHMCS operates in the Niger Delta.
Ebighoroye Ogbo (Igbogene) Multipurpose Cooperative Society (EOMCS) 2595-NIA	2012-2014	\$97,304	Fishing: EOMCS is an all-women's cooperative located in Bayelsa State, Niger Delta region. With the support of USADF funding, the cooperative is constructing concrete-fish ponds and training its members in catfish farming techniques, combating the effects of oil exploration on the local fish supply.
Ubiaja Arekpamhen Farmers Multipurpose Cooperative Society (UAFMCS) 2597-NIA	2012-2014	\$99,550	Agro-Processing (Cassava): UAFMCS is a cooperative made up of 30 members that is located in Edo State, Niger Delta region. USADF funding will help UAFMCS train its members in cassava production, establish a factory, and process the members' cassava into <i>garri</i> for sale locally and regionally.
Matel Rice Dealers and Millers Multi-Purpose Cooperative Society (MRDMMCS) 2623-NIA	2012-2014	\$98,679	Agro-Processing (Yam): MRDMMCS is an organization of smallholder yam producers located in Cross River State in the Niger Delta. MRDMMCS will use USADF funding to help develop a seed yam multiplication model that will produce high-quality yam seeds. Additionally, USADF funding will help MRDMMCS purchase the necessary inputs.
Akwa Ima (Idu) Multipurpose Cooperative Society (AIMCS) 2635-NIA	2012-2014	\$98,723	Agro-Processing (Palm Oil): AIMCS is a cooperative of 35 small-scale palm oil producers in Akwa Ibom State in the Niger Delta. USADF funding will be used to purchase the necessary equipment and inputs for production. Additionally, through this project, AIMCS' members will be trained in modern palm oil processing practices ensuring growth and sustainability.
Children's Developmental Center (CDC) 2666-NIA	2012-2017	\$145,531	Services (Autism): CDC provides social services to children and young adults with autism spectrum disorders (ASD) in Lagos. Due to growing demand for CDC's services, USADF is providing funding to help CDC expand its outreach through trainings of caregivers and by purchasing therapeutic equipment. USADF funding will also focus on further developing CDC's snack, candle, and bead making enterprises to increase employment opportunities for its members.
Bayelsa Gardenia (Yenagoa) Farmers Cooperative Society 2707-NIA	2012-2014	\$80,012	Agro-Processing (Cassava): BGFCS is located in Onopa, Yenagoa of Bayelsa State in the Niger Delta region. BGFCS will cultivate cassava on individual plots and collectively on a five-hectare farm. Through USADF funding, BGFCS will purchase cassava production and processing equipment and will be trained in the proper procedures. They will establish a processing plant to transform cassava into <i>garri</i> and other products.

Grantee	Duration	Value	Summary
Coastline Microfinance Bank 2745-NIA	2012-2014	\$46,412	Services (Micro-finance): Through a joint collaboration between USADF and the Chevron PIND Foundation, Coastline Microfinance Bank will receive funding to help create a revolving loan fund which will provide critical capital to three fish farmers associations operating in the Niger Delta region. This will help the associations develop their capacities and increase production.
Wetland Microfinance Bank 2746-NIA	2012-2014	\$46,412	Services (Micro-finance): Through a joint collaboration between USADF and the Chevron PIND Foundation, Wetland Microfinance Bank will receive funding to help create a revolving loan fund which will provide critical capital to three fish farmers associations operating in the Niger Delta region. This will help the associations develop their capacities and increase production.
ODOT Women Multipurpose Cooperative Society (ODOT) 2800-NIA	2012-2014	\$92,571	Agro-Processing (Palm Oil): ODOT is a cooperative of 350 female small-scale palm oil producers in Cross River State in the Niger Delta. USADF funding will be used to purchase the necessary equipment and inputs for production. Additionally, through this project, ODOT members will be trained in modern palm oil processing practices ensuring growth and sustainability.
